COLEEN

"I would highly recommend Genealogy Tours. Adam was very good about making sure I had tours that included IJ Paderewski as well as other family members. With the help of Adam I had amazing tours guides that are very informative about the history of the cities I toured. All of my guides spoke English and I could clearly understand everything. All my guides helped me including when my phone service shut down. The guides will go the extra length to help out. "

LINDA

"I went on the 2024 Christmas Market Tour with Tom and Adam, and it was fabulous! How to put into words the whole experience is difficult but the whole Christmas atmosphere and the wonderful food and drink was just amazing. The concert, the bonfire in the mountains and bauble factory tour were special treats! And the history, incredible buildings, museums, palace and castles are unlike anything one can experience in the US. All this and my fun traveling companions made it a fantastic experience!"

DONNA

"We have just returned from a great tour arranged by Adam and his team. My family was able to visit the home areas where my grandparents were born and married in Poland. With Adam as our guide we nearly drove Poland from north to south. Every aspect of our trip was planned with the utmost professionalism. We loved seeing the churches where they were married and experiencing the countryside as we drove from town to town. Everyday had a stop planned by Adam that educated us on Poland and our heritage."
