## MARIE & ALAN

*"We were mainly on this tour to see Gdansk and it proved to be wonderful. The Solidarity museum was exceptional, wish we could have stayed there longer. All the towns were beautiful and we were glad the hotels were near the market squares in all of them. The lunches we had were better than we expected, very very good as well as the hotels we stayed at. There were only 8 of us but it was perfect. We all got along and everyone seemed to care about each other."*

## LINDA

*"The tour with Adam and my fellow travelers was the perfect travel scenario, especially for my first visit to Poland and with my love of genealogy! The small group, personalization, the focus on family history and history of the area, as well as the cultural experiences made for a fabulous trip. Adam, Lucasz and my tour mates were such a fun, knowledgeable and helpful group. It was amazing to see and experience parts of Polish history going back to the 10th century."*

## FRANK

*"We have enjoyed working with Adam Zalewski and his team throughout this process from first contacts to our lovely tour across Northern Polska. So many new facts about our family history have been uncovered! During the tour we visited parks and museums, places where my ancestors lived, and the churches where important family events took place. Adam set up a great tour based on my specific interests, he is a fountain of facts about Polish culture and history, and he is a gracious host. Highly recommended!"*
